UNARINE PHASHA

SOFTWARE DEVELOPMENT

6C Kuntz Place, Philip Nel Park | 081 749 9494

phashaunarine@gmail.com | LinkedIn | GitHub | Portfolio

CAREER OBJECTIVE

I am looking for an opportunity to gain practical work experience, use what I have learned in my Software Development studies, and continue building my skills in a professional environment. I am open to internships, graduate programmes, volunteering, and suitable entry-level roles.

PROFILE

I am a Software Development student at Belgium Campus with a foundation in programming, databases, and software development. Through my studies and projects, I have worked with Python, Java, C#, JavaScript, HTML, CSS, Microsoft SQL, and Power BI. I am building a portfolio to showcase my projects and the skills I am developing. I am willing to learn, take on new challenges, and contribute to a team while gaining industry experience.

EDUCATION

NATIONAL DIPLOMA IN INFORMATION TECHNOLOGY

Belgium Campus | In progress; expected completion in 2027

HIGHER CERTIFICATE IN DIGITAL ENTREPRENEURSHIP

University of Johannesburg, through the FNB App Academy | In progress

MATRICULATION

Hoërskool Pretoria Wes

TECHNICAL SKILLS

Programming: Python, Java, C#, JavaScript

Web Development: HTML, CSS

Databases and Analytics: Microsoft SQL, Microsoft Access, Power BI

Tools: Visual Studio Code, Visual Studio, GitHub, IntelliJ IDEA, NetBeans

Other: Object-oriented programming, problem-solving, Generative AI tools, Microsoft Word, Excel, PowerPoint, Windows

Academic and personal projects: add project names, a short description of what each project does, the technologies used, and a GitHub link where available.

Projects

1. **Personal Portfolio Website**

HTML, CSS, JavaScript

A personal website showcasing my background, technical skills, projects and contact information. Includes responsive styling and a light and dark mode toggle.

2. **Student Life Dashboard**

HTML, CSS, JavaScript

An interactive dashboard designed to help students manage assignments, track deadlines, monitor academic progress and calculate target grades.
